

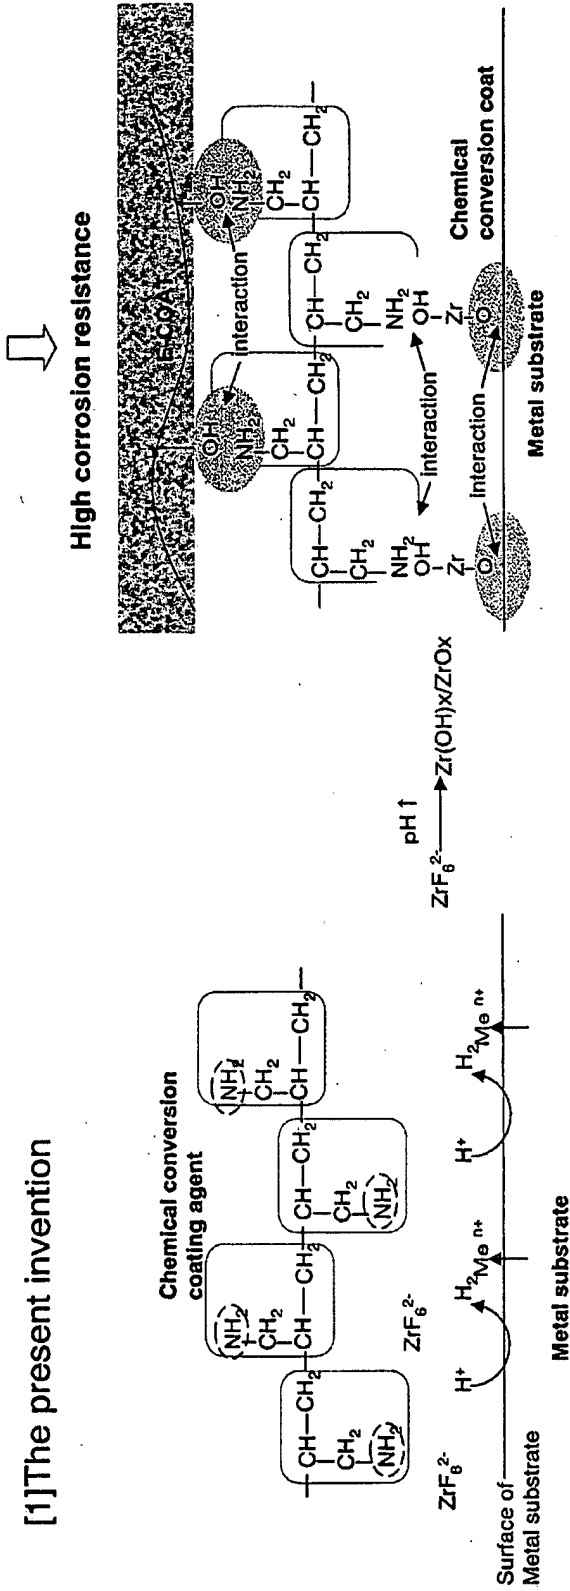

Fig.1

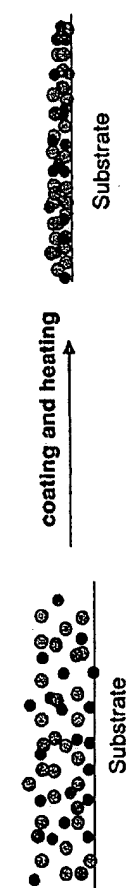

[1]The present invention

Excellent adhesion to E-coat and Metal substrate

[2]JP2002-272642

- ⊙ (A) Titanium compound
- (B) compound
- ⊙ (C) Aqueous organic high molecular compound

Comparison of chemical ingredients

Ingredients	Present Invention	JP2002-275642
A Ti compound	-	x
B ZrF	x	x
C Polyallylamine	x	-
D Allylamine modified Epoxy resin (See below)	-	x

-: not formulated

x: formulated

Remarks

Chemical reaction of allylamine and epoxy resin
